Desertification Adaptation Model (DAM) plans are now complete and online

<http://www.desert-adapt.it/index.php/en/case-studies>

The DAM plan of our 9 project partners are online and available for consultation. You can discover the economic, environmental and social functions chosen by our landowners as well as the adaptation measures they are implementing in their field to face climate change and land degradation and desertification. You can also overview of the ongoing activities through the picture show present in each page.

Visit our page "Case Studies" <http://www.desert-adapt.it/index.php/en/case-studies> and get involved with as a replicator getting in touch with us. Contacts at the bottom of this page.

LIFE Desert-Adapt

DESERT-ADAPT Roundtable “Opportunities and challenges to adaptation and sustainable land management in Mediterranean countries under desertification risk” side event of All4Climate – Italy 2021 - 30 September 2021 at 14.30-16.30 - online

Launched by the Italian Ministry for Ecological Transition in collaboration with the World Bank Group's Connect4Climate and with the participation of the Lombardy Region and the Municipality of Milan, All4Climate aims to foster proactive dialogue on the challenges of the climate crisis and deliver on the objectives of the Paris Agreement.

PROGRAM

Introduction to the roundtable (Prof. S. Castaldi – Unicompania - Project coordinator, Prof. P. Quatrini – Unipa - partner of Desert-Adapt and LDA project)

Institutional greeting from CINEA (LIFE Climate Change Mitigation and Adaptation) (Officer CINEA Mrs Guerrini Claudia)

Italy at the centre of the climatic crisis. The fundamental role of communication (Stefano Liberti, journalist and writer)

New adaptation/mitigation challenges of the agro-forestry sector in the EU Mediterranean areas under climate change (Prof. R. Valentini - Università degli Studi della Tuscia)

Potentials and challenges to implement sustainable practices of land management: examples from Desert-Adapt experience (Prof. S. Castaldi – Unicompania)

Videos: Desert-adapt landowners experiences in IT, SP and PT

Promoting new policy approaches for adaptation strategies under a changing climate in Sicily (On. V. Palmeri, deputato del Parlamento Regione Sicilia)

Importance of cooperative experience in the fight to climate change (Michele Russo, Consorzio Siciliano LeGallineFelici, Caltagirone)

Joining forces for common goals Desert-Adapt meets Terra! (Silvia Cama - Terra! Environmental association)

A more resilient and adapted future: MOSAICO (SP) project and Desert-Adapt (EU) working towards a common goal (Prof. F. Pulido University of Extremadura, SP)

Discussion, Q&A (moderator Prof. S. Castaldi)

For registration to the event go to the link: <https://eventiinstreaming.it/desert-adapt/>

DESERT-ADAPT at the national Platform meeting «Il Clima che cambia» organized by the Italian Ministry for Ecological Transition - 22nd September 2021

The event is particularly addressed to Regional Government and policy makers involved into developing adaptation strategies to face climate change.
