DESERT-ADAPT at the COP26 SIDE EVENT Tackling Climate Change from Farm to Fork *trasformative pathways for more sustainable food system* Monday, 8 November 2021 at 11:30-12.30 GTM am

Three weeks ago, the European Parliament adopted its Report on the Farm to Fork Strategy, confirming and strengthening the need to build more sustainable food systems. In this Side Event organized by ProVeg International and Barilla Center for Food & Nutrition Foundation (BCFN), potential high impact solutions for an effective transition to more sustainable agricultural practices and diets in Europe will be presented by stakeholders from academia, civil society, and the private sector.

PROVEG INTERNATIONAL, BARILLA FOUNDATION, OATLY AND EAPF

Tackling climate change from Farm to Fork:
Transformative pathways for more sustainable food systems

LIFE Desert-Adapt

Field Implementation Actions: L5 Hoyos (SP)

Stone walls repair

About 30 meters of stone walls were repaired to avoid erosion, allow aromatic plantation and heritage conservation in L5-Hoyos. The work was made by people from a local association (ARBA), from the municipality and University of Extremadura.
